

## Dual Band Wireless AC Router with USB3.0. 4 x 5dBi detachable antennas

### FEATURES

- WiFi 802.11a / b / g / n / ac
- Dual Band 2.4GHz / 5GHz
- 2 X USB3.0
- 4 X LAN 1Gbit/s
- 1 X WAN 1Gbit/s
- 4 X External antennas 5dBi (removable)
- supply voltage 12V 3A 31W

## SPECIFICATIONS

|                 |   |                                                                                                                  |
|-----------------|---|------------------------------------------------------------------------------------------------------------------|
| Frekvens        | : | 2,4 GHz/5 GHz                                                                                                    |
| Maks. hastighed | : | 1.733 Gbps                                                                                                       |
| Porte           | : | 4 X LAN 1Gbit, 1 X WAN 1Gbit, 2 x USB 3.0                                                                        |
| Protokol        | : | PPTP, L2TP, IPSec, PPPoE, FTP, DHCP, SMB, CSMA/CA, DDNS, DHCPv6                                                  |
| Sikkerhed       | : | WEP, WPA, WPA2, WPA2-PSK, WPA2-RADIUS                                                                            |
| Standarder      | : | Ethernet, Fast Ethernet, Gigabit Ethernet, IEEE 802.11b, IEEE 802.11a, IEEE 802.11g, IEEE 802.11n, IEEE 802.11ac |
| Strømforbrug    | : | 12V 3A 31W MAX.                                                                                                  |
| Dimensioner     | : | 25 cm x 18 cm x 4.5 cm                                                                                           |
